

“We have worked with StudyFlex for three years and the resources and overall support is excellent. This year around 80 students have opted for the course in their own time.

The opportunity to gain an adult management qualification accredited by the Chartered Management Institute while still at school is fantastic”

Trish Devlin, Assistant Headteacher, St Joan of Arc Catholic School

From the St Joan of Arc Catholic School website:

We have a flourishing and vibrant community at St. Joan's. Our pupils are outstanding ambassadors for the school and we are extremely proud of their many achievements.

They are supported by an excellent team of staff who provide a secure environment in which every child is recognised as a unique individual, each with their own special gifts and talents.
