

"I found the course was tutored in a way that was easy to understand and in way that also got the information across in enough depth to provide all the knowledge needed to complete final assignment.

I found that the completion of this course has drastically helped me when attending interviews, because people interviewing me have looked at the qualification on my CV and found it impressive.

Therefore this qualification is a very good asset to any CV and gives an extra edge when competing for a job against other applicants, so I would recommend taking this course through StudyFlex."

"The help we were given from Studyflex was of a high standard and the answers and activities we were given were enjoyable and fun. I hope that we have more activities from Studyflex that makes a difference to our lives in the future" AS

"Throughout this course I have learnt about the qualities and skills that make good coaches, team leaders and help to overall make an efficient and successful work group. This has been an enjoyable and beneficial experience that will help me progress in my career when I pass this assignment." DR

"The course has helped me realise what skills are required to fit into a team and also be a team leader. It will also add on extra qualification to my CV. Many thanks for making it happen" AB

"I have learnt many things about teamwork and leadership. I don't think I would have got this from any other thing in school." GD-C

"I have learnt masses within this course and am really pleased we could take part in it. Through the information I have learnt it has swayed my mind to become someone like a team leader." CW

"I think the programme has been very helpful as it has taught me more about my own skills and qualities and what I need to improve to work as part of a team." JE

"I thought the programme was effective in helping me learn to work with people I wouldn't otherwise get along with and I now have a better understanding of team leading. I liked the fact that the activities were varied." LB

"Over the whole four days I have learnt about working in a group, personal development and team leading skills. My group had problems with team work which we learnt to resolve." RS

"Throughout the programme I feel personally it was a really good experience. The reason for this is because I have learnt so many different things such as communication, working as a team and also how to be a leader." BT
