

"The opportunity for our students to gain a nationally recognised, adult management qualification accredited by the Chartered Management Institute was hugely attractive to us as we support them making the step into work or further education.

We used the business conference approach with a group of 75 Year 12s leading to the Introductory Certificate in Team Leading. It worked brilliantly with plenty of activities including students coaching each other using the GROW model and giving and receiving feedback.

The resources, enthusiasm and overall support from StudyFlex were outstanding.

We have committed to run a similar programme in October for our Year 12 students and the advanced Introductory Certificate in Management for our Year 13 students.

If other schools wish to contact me I will be delighted to share our experience and the value it is adding to the students' confidence and marketability."

Marie Getheridge
Headteacher
Writhlington School

OUTSTANDING RESULTS AT GCSE AND A-LEVEL FOR 2009

Writhlington students have broken yet another record this summer with a stunning 98% of Year 11 students achieving five A-C grades in this summer's exams.*

This means that almost every student has achieved the gold standard against which students are judged by employers, colleges and universities. With the equivalent score for schools nationally at 67%, students at Writhlington have once again far exceeded expectations.

The proportion of very high grades was equally impressive with a quarter of all students achieving more than five A and A grades, significantly higher than the national average.*

Headteacher Marie Getheridge is clear about the reasons for her students' success: "At Writhlington we believe every student is equally valuable, and so every student follows a personal curriculum that is tailored to their individual interests and talents".

"Our students and staff have worked very hard indeed to achieve these outstanding results and of course we are very proud of all their achievements".
